

Report to Director
Hugh Porter
10/20/17

This month has been very busy with many student counselings, training, IEPs, and meetings. This business includes:

- Attended the MACTE conference on 10/6; met good new contacts with the BIW Apprenticeship rep and the MDOL Apprenticeship rep; the BIW rep is visiting Reg 3 in November to present to our students;
- On 10/10, the UMM admissions rep visited with Reg 3 students; a ME National Guard rep will be visiting Reg 3 in November and a USMC rep will visit Reg 3 on 10/23; more colleges will be visiting;
- I've been working with Mary and Scott on facility preparation for winter to make plowing easier;
- EMCC Concurrent applications are in to EMCC; I'll be working on getting experiential college credits for our CDL with NMCC and other community college programs;
- I've met with the Bridge Program personnel to discuss how to improve the marketing of this good college credit program;
- I've been working with Betty Vose on identifying college scholarships that our students might benefit from and getting the students interested in applying, which can be challenging because many are first time college goers who see this whole experience as so daunting; Betty is a big help because all of our students go to her for Career Prep/JMG;
- A FAME specialist will be coming to Region 3 on Wednesday, 11/1, 6-8 PM to walk students/families through the FAFSA process; hopefully, we'll have a good turn out; and,
- helping students with college applications.

Thank you for your support.

Respectfully,
Hugh Porter
