

Northern Penobscot Tech Region III

Welding Instructor

NPT Region III is seeking an Instructor for our Welding Technology Program. An A.S. degree in Welding or a related field is preferred, but candidates without a degree will be considered if they have sufficient experience working in the industry. AWS Shielded Metal Arc Welding, Structural, as well as Flux Core certification is preferred. Experience with CAD and CNC Plasma Table is also a plus.

NPT Region III is an innovative Career and Technical school that offers international welding certifications to our students.

The ideal applicant will have a strong work ethic, care about young people, and want to continue to build a program that will challenge and inspire students to be the industry leaders of tomorrow. Candidates must be willing to earn a CTE teacher endorsement from the Maine Department of Education.

All applicants must submit a resume, three letters of reference, application, and copies of related certifications and licenses to:

Director

Northern Penobscot Tech Region III

35 West Broadway, Lincoln, ME 04457

Applications can be emailed to: emiller@nptregioniii.com

Applications can be found at www.region3.mainecte.org

It is the policy of Northern Penobscot Tech Region III to ensure equal employment/educational opportunities, affirmative action regardless of race, sex, color, national origin, marital status, religion, age or disability in accordance with all federal and state legislation relative to discrimination." Further, Region III will not use or distribute a publication of the type described above which suggests, by text or illustration that Region III treats applicants, students or employees differently on the basis of sex.
